

A black and white photograph of a DJ, identified as DJ Tim, performing at a night event. The DJ is seen from behind, silhouetted against a bright, hazy background of stage lights and smoke. He is wearing headphones and has his arms raised in a 'V' or peace sign gesture. In front of him is a DJ booth with a laptop and various equipment. The overall atmosphere is energetic and vibrant.

DJ TIM

BAKU · SINCE 2002

RED BULL 3STYLE NATIONAL CHAMPION

F1 AZERBAIJAN · 6-SEASON RESIDENT DJ

BIO

DJ TIM is one of Azerbaijan's most technical and recognizable DJs. Starting out in 2002, he became part of the generation that shaped the country's modern club scene. His signature style is defined by scratching and a wide musical range: Hip-Hop, Drum & Bass, UK Garage and House.

Early in his career he performed under the name Fior: he championed drum & bass, won Azerbaijan's first national DJ battle and took gold at the CIS Delphic Games in Kazakhstan. In 2017 he became Red Bull 3Style Azerbaijan National Champion, and in 2018 represented the country at the World Final in Poland. He has been a resident DJ at the Formula 1 Azerbaijan Grand Prix for six seasons. He has warmed up crowds before Dua Lipa, Will Smith and J Balvin.

Over the years he has played Baku's key venues and held residencies at several of the city's leading clubs. He has run workshops and scratch sessions, and judged DJ battles at home and abroad. He has toured the USA, Poland, Kazakhstan, Moldova, Ukraine, Russia and Georgia. He co-founded the SixtyNine and Y-6 party series, and produced the official drum & bass remix of "Ay & Gün" by Aygün Kazıмова, one of Azerbaijan's biggest pop stars.

RIDER

REQUIREMENTS

The following equipment is to be supplied and set up by the promoter, as agreed in the booking contract, and must be tested and fully operational before the artist's soundcheck. If any item is difficult to source, please notify the booking agent in advance so an approved alternative can be arranged — equipment must not be substituted without prior confirmation.

- 2× free EU power sockets (Type F) at the booth

- Active stereo monitoring + subwoofer, independently adjustable

- Sturdy, shatter-free DJ table, approx. 200 × 100 cm, ~110 cm high

- A small shelf or pedestal beside the artist for drinks

- Booth lighting directed at the artist, dimmable / adjustable

- ~30 cm of clear space on the left side of the players

SETUP VERSIONS

SETUP A

CLUB / DIGITAL

- 2× Pioneer CDJ-3000 (linked) + 1× CDJ-3000 backup
-
- Pioneer DJM-A9 (alt: DJM-V10)

SETUP B

VINYL / TURNTABLISM

- 2× Pioneer PLX-1000 turntables
-
- Pioneer DJM-S11 (alt: DJM-S9)

Please note: if the agreed setup is not provided, the artist may, at their discretion, treat the booking as cancelled, in which case the full fee and expenses remain payable.
